## MIMMS (4th Edition)

SMMC's Motorsport Medical Group has partnered with An Turas to deliver the ALSG Major Incident Medical Management System course (4<sup>th</sup> edition).

MIMMS presents the nature and management of a major incident, focusing on how to deliver the medical support needed to multiple casualties. As the only international standard in major incident medical management, the course is taught and the principles are practiced throughout the world, being integrated into civilian and military medical practice.

The course objectives include:

- Understanding the organisations, structures and roles in managing major incidents and how they work together.
- Able to prepare for and implement a structured approach when responding to major incidents (CSCATTT).
- Able to deliver the medical support needed at major incidents, through triage, treatment and transport.

The programme comprises online e-modules plus a 2-day face-to-face course.

## Assessment

- Assessment takes place on day two of the course. If you are successful, MIMMS certification is valid for four years.

## Candidate criteria and eligibility

- This course is for registered healthcare professionals and those with enhanced basic/first aid skills such as D13 Police Officers, Mountain Rescue casualty carers, Fire & Rescue Service firefighters, and Motorsport Rescue teams.

## Continuous Professional Development

- The responsibility for identifying CPD requirements rests with the individual and should be based on their personal areas of practice and personal development plan agreed at their annual appraisal. Although one 'CPD credit' will normally equate to one hour of educational activity, the amount of educational activity obtained from a specific event may vary between individuals depending on an individual's specific learning outcomes.
